

NATIONAL CENTER FOR HOMEOPATHY 2025 IMPACT REPORT

In 2024, the National Center for Homeopathy (NCH) marked 50 years of service by launching an ambitious three-year goal: to introduce 10 million people to homeopathy. This vision guided our strategic investments in awareness, education, and connection and sparked our commitment to pursuing “homeopathy for every home.”

In 2025, that vision gained momentum.

Programs launched or expanded in 2024 became sustained resources in 2025, reaching more than one million individuals seeking natural ways to stay healthy. NCH broadened the awareness of homeopathy, strengthened confidence in its use, and expanded connections across our growing national community, advancing access for individuals and families nationwide.

As a reliable starting point for natural wellness, NCH continues to provide free educational materials, practical tools, webinars, publications, and practitioner connections through our Homeopathy Learning Center and Find-a-Practitioner Directory. This progress is possible because of your support.

Your generosity empowers NCH to serve as a central voice, bridging gaps in healthcare access and ensuring that affordable, reliable homeopathy resources remain available to all who seek them. Together, we are helping make homeopathy part of everyday life in homes across the country.

While we are encouraged by our progress, important work remains. Each year, more people turn to NCH for trusted information, meaningful community, and pathways to care. With sustained support, we will continue building toward a healthier future, one where Homeopathy for Every Home is not just a vision, but a reality.

Thank you for being part of this vital work.

In service to health and homeopathy,

Margery Stearns, CCH CHP

BUILDING confidence

NCH cornerstone educational resources,
launched in 2024 to strengthen confidence in using
homeopathy, continued to grow in scope and impact:

RESOURCES & TOOLS

- Sustained and strengthened the online Homeopathy Learning Center: a one-stop resource for wellness seekers interested in homeopathy
- Began developing an all new Study Guide program
- Fine-tuned the Find-a-Remedy, Materia Medica, There's a Remedy for That, and Quotable Research tools and libraries
- Planned four new e-course modules to be added in 2026
- Guided 50k+ people to homeopathic care through the NCH practitioner directory
- Delivered special-collection resources and other benefits for 2500+ members
- Expanded access to practitioner connections with added keyword and other search functions in the practitioner directory

EXPERT-LED LEARNING

- Hosted six Homeopathy Academy for Moms webinars and three sponsored webinars with up to 4.7k registrants each
- Featured 29 expert natural wellness speakers for JAHC attendees and guests

MEDIA MATERIALS

- Published quarterly *Homeopathy Today* magazine issues
- Sent monthly *Homeopathy Report* newsletters to 39k subscribers
- Launched a quarterly Professional Member newsletter with practice-support content

BUILDING

connections
